Corporate Governance Statement 2021

Introduction

Detection Technology Plc (the Company) is a public limited company registered in Finland, and its head office is located in Espoo, Finland. The Detection Technology Group (Detection Technology) comprises the parent company Detection Technology Plc in Finland, and its two subsidiaries in PR China, one in France and one in the US.

Currently, the Company operates in five locations in China. The Company has a manufacturing site and a branch office in Beijing, a manufacturing site in Wuxi, and a sales and logistics office in Hong Kong. In December 2021, the Company announced its plans to establish a new talent hub in Nanjing, China. The Nanjing talent hub has been operational since 1 January 2022.

As the Company's shares are listed on the Nasdaq First North Growth Market Finland (GM), the Company strives to follow the Finnish Corporate Governance Code (the CG code), that was effective at the time the Company was listed on the market in 2015, in its operations, even though this is not mandatory. The CG code is adopted by the Securities Market Association. The CG code is based on the comply-or-explain principle, which allows companies to deviate from individual recommendations if they can explain and justify the deviation. The Finnish Corporate Governance Code is publicly available on the website of the Finnish Securities Market Association.

This corporate governance statement is issued as a separate report and disclosed together with the financial statements, the Board of Directors' report and the remuneration statement, on the Company's website. This CG statement has been prepared in accordance with recommendation 54 of the CG Code.

Decision-making and governance at Detection Technology Plc comply with the Company's Articles of Association, the Finnish Companies Act and other applicable legislation. In addition, the Company strives to comply with the recommendations of NASDAQ OMX Helsinki Ltd, as well as NASDAQ OMX Helsinki Ltd's Guidelines for insiders. The foreign subsidiaries comply with local legislation.

The General Meeting of shareholders, the Board of Directors and the President and CEO oversee the management of the Company. Their tasks are determined as specified by the Finnish Companies Act. The President and CEO oversees Group-level operational activities, assisted by Detection Technology's Management Group.

Governing bodies

General Meetings

The General Meeting is the highest decision-making body of the Company. The Annual General Meeting (AGM) is arranged once a year on a date determined by the Board of Directors within six months of the end of the financial period. Extraordinary general meetings can be arranged during the year, if necessary and based on separate invitation. In accordance with the Articles of Association, the General Meetings of the Company may be held in Helsinki or Oulu in addition to Espoo, which is the domicile of the Company.

According to the Finnish Companies Act, the Annual General Meeting's tasks include decisions regarding:

- the adoption of the financial statements, which in a parent company also means the adoption of the consolidated financial statements;
- the use of the profit shown on the balance sheet;
- the discharge of the members of the Board of Directors and the Managing Director from liability;
- the appointment of the members of the Board of Directors, unless it is otherwise provided in the Finnish Companies Act or in the Articles of Association on their term or appointment; and
- other matters that according to the Articles of Association are to be decided by the Ordinary General Meeting.

All resolutions and documents related to the Annual General Meeting are published as a company announcement and on the Company's website.

Shareholders' Nomination Board

The Shareholders' Nomination Board (the Nomination Board) is responsible for preparing and presenting proposals on the remuneration and number of members of the Board of Directors, as well as a proposal on the members of the Board of Directors, to the Annual General Meeting and, where needed, to an Extraordinary General Meeting. The Nomination Board shall also be responsible for identifying successors for existing Board members.

The Nomination Board shall consist of three (3) members, which shall be appointed by the Company's three (3) largest shareholders, who shall be entitled to nominate one (1) member

each. The Chairman of the Board of Directors shall act as an expert member of the Nomination Board.

The Company's largest shareholders shall be determined on the basis of the holdings in the shareholders' register of the Company held by Euroclear Finland Ltd as of the first working day in September preceding the next Annual General Meeting. The Chairman of the Board of Directors shall request each of the three largest shareholders, as defined above, to appoint one member to the Nomination Board.

The Chairman of the Board of Directors convenes the first meeting of the Nomination Board. The Nomination Board shall elect a Chairman from among its members, and the Nomination Board convenes thereafter at the notice of the Chairman of the Nomination Board. Once the Nomination Board has been appointed, the Company will publish the composition through a stock exchange release. The members shall be nominated annually, and their term of office shall end when new members are nominated.

The Nomination Board shall submit its proposals to the Board of Directors at the latest on the last working day of January preceding the next Annual General Meeting. The proposals of the Nomination Board will be published through a company announcement and included in the notice to the Annual General Meeting.

The process for electing the members of the Shareholders' Nomination Board, as well as the composition and the duties of the Nomination Board, have been specified in more detail in the Charter adopted for the Nomination Board. The Charter is available on the Company's website.

As of 1 September 2021, the Nomination Board has consisted of the Chairman of the Nomination Board, CEO of Ahlström Capital Lasse Heinonen as the representative of Ahlstrom Capital BV; and Board Member of OP Fund Management Company Kalle Saariaho, representing OP-Finland Mutual Fund, and Director, Sustainability of Aktia Bank Markus Lindqvist, representing Aktia Capital, have been appointed as Members. The Chairman of the Company's Board of Directors Hannu Syrjälä serves as an expert member of the Nomination Board. The Nomination Board's proposals to the Annual General Meeting were published on 20 January 2022 and can be found on the Company's website.

The Board of Directors

The Board of Directors is responsible for the Company's management and the appropriate arrangement of its operations. The Board of Directors is responsible for duties specified in the Articles of Association and the Finnish Companies Act. The main duty of the Board of Directors is to approve the Company's strategy, decide on financial arrangements, and make decisions on the purchase and sale of significant assets. The Board of Directors follows the Company's financial development through monthly reports and other information that the Company management provides to the Board.

The essential duties and responsibilities of the Board are defined primarily by the Articles of Association and the Finnish Companies Act. The Board annually ratifies a working order that specifies the meeting procedure of the Board of Directors and its tasks.

The key tasks of the Board of Directors include:

- Approving consolidated financial statements and interim reports
- Proposals to the Annual General Meeting
- Appointing and dismissing the President and CEO
- Organization of financial and internal controls.

In addition, the Board decides on matters of principle, as well as items that carry financial and business significance, such as:

- Group and business unit strategies
- Group budgets and investment plans
- Group risk management and reporting procedures
- Decisions concerning the structure and organization of the Group
- Significant individual investments, acquisitions, divestments, and reorganizations
- Group insurance and financing policies
- Reward and incentive scheme for the Group management
- Appointing Board committees
- Monitoring and evaluating the performance of the President and CEO.

The President and CEO is in charge of ensuring that the Board members have the necessary and sufficient information on the Company's operations.

In accordance with the Articles of Association, the Board of Directors consists of a minimum of four (4) and a maximum of seven (7) regular members. The Board members are elected by the Annual General Meeting for one term of office at a time. The term of office begins at the end of the General Meeting that elected the Board and expires at the end of the first Annual General Meeting of shareholders following the election.

The Articles of Association place no restrictions on the power of the General Meeting to elect members to the Board of Directors. The Board of Directors elects the Chairman from its members based on a proposal of the Nomination Board. The Board of Directors is deemed to have achieved quorum when at least half of its members are present. In addition to matters to be resolved, the Board of Directors is given real-time information on the operation, financial standing, and risks of the Group at their meetings.

The Company's AGM of 30 March 2021 decided on the composition of the Board of Directors as follows:

Remuneration

Board of Directors

The General Meeting decides on the remuneration paid to the Board of Directors. On 30 March 2021, the Annual General Meeting decided to compensate the members of the Board as follows:

- Chairman EUR 60,000 per annum
- Members EUR 35,000 per annum

Members of the Board of Directors will be paid a meeting-specific fee as follows: EUR 1,000 per meeting to the Chairman of the Board of Directors and EUR 500 to the members of the Board of Directors. If a member of the Board of Directors resides permanently outside of Finland, the meeting-specific fees will be increased by EUR 500, so EUR 1,500 per meeting will be paid to the Chairman of the Board of Directors and EUR 1,000 per meeting will be paid to the members of the Board of Directors.

Members of the Audit Committee and the Remuneration Committee will be paid a meeting fee of EUR 500 per meeting.

The travel expenses of the members of the Board of Directors as well as the Audit Committee and the Remuneration Committee are compensated in accordance with the Company's travel rules.

*Heikki Allonen acted as a member of the Board until 30 March 2021 and Petri Niemi until 16 April 2020.

**The change to the comparison figure is mainly attributed to the fixed remuneration paid in Detection Technology Plc shares.

An elected member of the Board of Directors may, at their discretion, choose to receive the annual fixed remuneration partly in Company shares and partly in cash so that approximately 40% of the annual fixed remuneration is paid in Detection Technology Plc shares.

The number of shares forming the above remuneration portion, which would be payable in shares, was determined based on the share value in the public trading maintained by Nasdaq Helsinki Ltd, calculated as the trade volume weighted average quotation of the share during the one-month period immediately following the date on which the interim report of January—March 2021 of the Company was published.

As a result of this resolution the following Board members took the opportunity to have their annual fixed remuneration to be paid in shares:

Board members	Remuneration in shares, pcs
Hannu Syrjälä, Chairman	880
Pasi Koota, Member	513
Total	1,393

President and CEO

The President and CEO's remuneration consists of salary, fringe benefits, a possible annual bonus based on performance, and a long-term incentive. The President and CEO remuneration includes an entitlement to an annual incentive of a maximum of six months' salary.

Risk management and internal controls

Internal control

The Board's responsibility is to organize the internal control in the Company. The aim of the internal control is to ensure the effectiveness and profitability of the actions, the reliability of information, and compliance with rules and regulations. Internal control is part of the daily management of the Company.

The control system is based on Group-level policies, guidelines and processes, and the control of business operations and support processes. An operating culture is being built by the steering and control of the Company's operations by the Board of Directors, the management methods of the Company's management, the Company's organizational structure and management system, the effective utilization of the global information system, and employee competence.

The Company has arranged internal control by using an external auditor. The Audit Committee oversees the activities within internal control. In practice, internal control is managed by the Financial Department under the supervision of the CFO. The goal is to make sure that the whole Group has similar financial control, administration, and accountancy policies.

Risk management

The Board has approved the risk management principles and policies for Detection Technology. The Company's risk management supports the achievement of strategic goals and ensures the continuity of business operations. It defines the objectives, principles, operating procedures, organization and responsibilities of risk management, and the reporting and follow-up procedures. Based on the policy, more detailed Risk Management Instructions have been issued for the day-to-day business, where needed.

The goal of risk management policies is to identify and evaluate risks and plan for risk mitigation. Such actions may include avoiding risks, mitigating risks by different means, or transferring risk by insurance or agreements. When necessary, the Board of Directors is informed of all material changes and new significant risks that are identified.

The Audit Committee monitors the efficiency of the Group's risk management systems. In addition, the Audit Committee regularly reviews the major risks of the Group in its meetings

as well as the ERM reports periodically, and reports on these to the Board.

The Board oversees risk management and reviews the risk management processes of the Group with the assistance of the Audit Committee, and approves the risk management principles of the Company. The most relevant Group-level risks are regularly reported to the Board.

Risk assessment in financial reporting

The Financial Department operating under the CFO is responsible for the general control of financial reporting. The Group follows Finnish Accounting Standards (FAS). Financial reporting is based on the information gathered from business and administrative operations and data provided by information systems. The Financial Department determines the necessary control activities for financial reporting processes, which include various rules, process descriptions, reconciliations, and analyses, which are done to ensure the validity of reported information.

Auditors

The Annual General Meeting shall elect one (1) auditor to examine the administration and accounts of the Company. The auditor shall be an audit firm approved by the Auditor Oversight with an authorized public accountant in charge. The term of the auditor shall expire at the closing of the Annual General Meeting following the election.

The primary function of auditing is to verify that the financial statements give true and fair information about Detection Technology Plc's result and financial position for the financial period. In addition, the auditor reports to the Board of Directors on the ongoing auditing of administration and operations.

In 2021, the Company's auditor was KPMG Authorized Public Accountants, with Petri Kettunen, APA as the auditor in charge.

Insider administration

Detection Technology manages inside information and insiders in accordance with the requirements of the Market Abuse Regulation (MAR), the Insider Guidelines of Nasdaq Helsinki, and its internal insider guidelines.

The insider and trading guidelines approved by the Company include regulations on insiders, the publication and postponement of publication of insider information, the prohibited use of insider information, insider registers, duty of notification of transactions by managers and their closely associated persons, and the trading of personnel in specific financial instruments.

The managers of the Company must comply with the EU Market Abuse Regulation's prohibition on dealing in Company financial instruments (closed period). Managers at Detection

Technology are members of the Company's Board of Directors, the Company's President and CEO, and the Company's Management Group members. In accordance with a decision by the Company's Board of Directors, the Company has also determined certain time periods during which persons taking part in the preparations of the Company's financial reporting and other persons who have access to information pertaining to its financial status are prohibited from trading in the Company's financial instruments. Trading in such financial instruments is completely prohibited for the aforementioned persons for a period of 30 days before the publication of the Company's earnings information and on the release date. The trading restriction ends on the next business day after the publication.

Persons included in a project-specific insider register are prohibited from all trading and business transactions until the project has expired or has been publicly announced. If the project falls on another listed company or may affect the price of the financial instruments of another listed company, the project-specific insiders have no right to trade in such a company's financial instruments.

The Company voluntarily maintains a list of the financial instruments owned by its managers or their controlled corporations on its website.

Disclosure policy

Investor communication at Detection Technology aims to continuously provide correct, adequate, and up-to-date information fairly to all market participants. The Company's President and CEO and CFO are the main parties dealing with and answering questions from analysts and investors.

Releases and publications are available on the Company website immediately after their publication. The information is published in Finnish and English. The Group's representatives do not comment on the Group's financial situation or meet with any capital market representatives for a period of 30 days prior to the publication of financial statements and interim reports. The investor calendar and silent periods can be found on the Company's website.

Detection Technology's CG Statement, as required by Recommendation 54 of the Finnish CG Code, was published in early 2022 in connection with the annual report. The statement is updated annually. The updated CG statements can be found on the Company's website.
